

*Battery performance based on standby-time and is dependent on network service provider and usage.

What if you didn't need to remember your cellphone charger?

Philips Xenium Mobile 9@9e. There's nothing worse than feeling you're out of reach and out of touch. So, by revolutionising the way phones use energy, we created a cellphone that lasts up to a month* on a single charge. After all, it only makes sense to have a mobile phone that's truly mobile.
